

Image not found or type unknown

Technical information

Productnumber : 98-8099GB

Product description

Steel bonded barrel with a capacity of 60 litres. With dimensions of 380x380x590 mm. The steel material ensures durability and makes it suitable for storing various liquids or materials. This steel barrel has two openings: one for filling or draining liquids and another for venting.

The steel bonded barrel has never been filled, however, the outside of the barrel contains some transport damage.
