Product description

This used furniture dog is the ideal tool for moving furniture and other heavy objects. Measuring 720x480x140 mm. The four rubber caster wheels, each 100 mm in diameter, ensure smooth movement on various surfaces. The rubber wheels absorb shocks and vibrations, making them ideal for manoeuvring over uneven terrain. The non-slip tread on the doggy's surface provides extra grip and stability, preventing the load from sliding.
