Technical information

Productnumber : 99-1042

Product description

Laundry roll container with steel bottom and 2 hinged shelves. The two swivel and two fixed-wheel rubber wheels in combination with the foot plate on one short side make the container very manageable. The gold-colored frame is made of electrolytically galvanized steel. These transport carts are specially designed to transport quantities of laundry and linen between laundry and final destination, so that these washes can be kept clean. Suitable for both indoor and outdoor use. Very useful if the container needs to be moved via laundry room to a hospital or hotel.

Specifications

Article arrangement: New

Version: fixed construction

Walls: mesh

Wheels front: 2 castor wheels solid rubber with wheel locks 125 mm

Wheels back: 2 fixed wheels, solid rubber 125 mm

Colour: colorless

Length (mm): 870
