

Technical information

Productnumber : 10-POST04

Product description

The Post & base collar attaches firmly to the post by simply sliding over the top and seating into position. It provides a strong platform for attaching the Skipper recycle bins, safety dispensers and sanitiser brackets; turning the Skipper post & base system into a fully equipped, free-standing safety & recycling station.

After the collar is attached, the Skipper unit can snap-fit to the post as usual, providing a unique combination of a 9m (30ft) barrier and recycling point. A sign holder can also be attached to either the Skipper unit or the post & base cap to display your messages.

Specifications

Article arrangement: New

Version: coupler

Subgroup: Barriers

Length (mm): 131

Height (mm): 185

Type number: POST04

Type: accessories

Material: plastic

Colour: black

Width (mm): 191

Weight (kg) 415

EAN Code (Gtin) 8719424181081
