Technical information

Productnumber : 42.197.88.004

Product description

With these extra high U-profile column protectors you prevent damage to racks or machines in the warehouse or workshop. If a rack in your warehouse, for example, is lightly hit, this is immediately a weak spot in the upright. By placing this corner and collision protection you prevent even the smallest incident from leading to major consequences.

Produced according to BGR234 and DIN 4844 guidelines

Material thickness: 6 mm

Specifications

Article arrangement: New

Version: collision protector

Subgroup: Shelving protection

Surface treatment: plastic-coated

Width (mm): 240

Height (mm): 1200

Type number: 42-UP

Type: bumper protection

Material: steel

Colour: black/yellow

Length (mm): 200

Internal width (mm): 150

Weight (kg) 26

EAN Code (Gtin) 8719424059632
