Technical information

Productnumber : 99-1342-01

Product description

Large volume bin manufactured from recycled polypropylene (RPP) on legs without skids. This versatile and robust plastic storage bin has a capacity of 550 liters and a load capacity of 500 kg. Features structural rigidity and resists deformation. Suitable for particularly heavy loads and working conditions. The storage box can be stacked up to a maximum stacking load of 2000 kg and moved with a forklift or hand pallet truck. Easy to clean due to the smooth inner walls, does not absorb odors or moisture and can withstand temperatures from -10°C to +60°C. There are two side vents for emptying liquids. Suitable for both indoor and outdoor storage. Ideal for textile, pharmaceutical, metal, rubber and plastic industries.

Specifications

Article arrangement: New

Version: all walls closed

Walls: walls closed

Food-safe: no

Colour: grey

Internal length (mm): 1130

Internal width (mm): 725

Internal height (mm): 690

Volume (ltr): 550

Stacking load (kg): 2000

Temperature resistance: -10°C/+60°C

EAN Code (Gtin) 8719424234992

Type: large volume container

Material: recycled polypropylene

Floor: closed

Euronorm (mm): 1200 x 800

Length (mm): 1200

Width (mm): 800

Height (mm): 850

Loading capacity (kg): 500

Weight (kg) 28

Type number: 1342

Additional specifications: fluid-proof
