Product description

Order picking trolley with stairs. This order picking trolley has two wooden floors with a beech decor top layer. The load capacity of the top floor is 80 kg and a total load capacity of 250 kg. The staircase has two wooden steps and lifts itself without load. When loaded, the ladder stands firmly on the floor and thus blocks the shelving trolley. The step height is 515 mm. The warehouse trolley has two braked swivel castors and two fixed castors. The steel frame has been treated with powder coating and is therefore scratch-free and robust.
