Technical information

Productnumber : 853100

Product description

Practical folding platform trolley made of pressed sheet steel. The load capacity is 150 kg. The platform cart is powder coated for a robust and scratch-free exterior. The loading surface is provided with an anti-slip layer and impact protection all around. The push handle is foldable, making the trolley easy to store and transport. The push cart has two swivel castors with brakes and two fixed castors.
