

Technical information

Productnumber : 99-1988-01-GB

Product description

Used steel big bag rack base. The lower and upper frame of this big bag rack consist of hot-dip galvanised steel and are suitable for hanging one big bag. The lower frame has plug-in brackets for a forklift truck and the upper frame has hooks for hanging up the big bag.

Very flexible way to counter seasonal peaks within your warehouse or company logistics. Setting up additional storage capacity is easily arranged by these stacking racks.

Please note! Supplied without stanchions. Damage to the stanchion runners, see photo.

Specifications

Article arrangement: Used
