Technical information Productnumber: 712S43R1575

Product description

Sturdy 4-sided roll container with a steel rolling floor fitted with flexible rubber wheels. The roll container has a double door at the front. Fast assembly and disassembly of the insert gates. Extra option to provide the roll container with steel floors. Very suitable for the distribution of products to and from shops and internal transport.

Please note! The photo does not correspond to the product shown: nylon wheels instead of rubber wheels.
