Product description

The electric stair hand truck is an optimal device for transporting all types of goods over terrain and stairs. Bulky goods such as refrigerators, cookers, carpet rolls or photocopiers can also be transported without any problems. The climbing speed of the electric stairclimber can be infinitely adjusted in two steps (17/34 steps/min). Safety brakes stop automatically at the edge of the stairs. A correction to the stairs is therefore always possible. Also known as electric hand truck, crawler climber, crawler stair climber or stair climber.

Your benefits:

- Load capacity 200 kg
- Electric motor
- Rapid charge lithium-ion battery with charge level indicator and fast charge function
- Fully foldable frame to minimize space requirements limit
- High-strength anti-corrosion aluminum frame
- Automatic brake for safe transport on the stairs
- Adjustable handle
- Sealed design, dust and splash-proof up to IP54
- solid tires

Version:

- The up and down mechanism always extends far enough the edge of the step, which prevents slipping and damage
- The digital charge status display gives you an overview of the remaining performance of the system at all times

Suitable for:

- copier
- machines
- vending machine
