Technical information

Productnumber : 12-49EURD

Product description

Cable lock with looped ends is 3 m long and made of 10 mm diameter braided steel for maximum ruggedness and flexibility. The protective vinyl coating prevents scratches. We recommend using the cable in conjunction with laminated locks, solid steel locks and mini U-locks; for securing large or bulky items. The limited lifetime warranty offers peace of mind coming from a brand you can trust.

- Braided steel wire for ruggedness and flexibility
- Convenient loops with rust-resistant covers and scratch protection
- Black vinyl covering protects against scratches
- Use with Master Lock padlocks

Specifications

Article arrangement: New

Version: with loops

Colour: black

Width (mm): 10

EAN Code (Gtin) 8719424226539

Type: cable lock

Material: steel/plastic

Length (mm): 3000

Type number: 49EURD
