Product description

The portable key cabinet with push buttons has a 79 mm wide metal body for durability. No more hiding your keys under the doormat or a flower pot: this key cabinet is the perfect solution for shared access to keys. This portable design can be used in a variety of places. The push buttons make the cabinet easy to use with gloves and by the elderly and children. Set your own combination for keyless convenience and enhanced security. The protective cover prevents freezing and jamming, and the molded bumper and vinyl-coated bracket prevent scratches. Limited lifetime warranty offers peace of mind coming from a brand you can trust.

- Key cabinet with bracket so the cabinet can be hung on something
- Convenient locking mechanism with push buttons in the familiar alphanumeric layout of phones.
- Free combination selection with up to 12 letters and numbers, or both
- Large buttons for ease of use even in low light
- Large interior space and removable key hook prevents jamming
- Durable protective cover prevents freezing and jamming
- Molded housing and vinyl-covered bracket prevent scratches
- Interior dimensions: 8.5 x 6.1 x 1.2 cm
