Technical information

Productnumber : 42.120.10.102

Product description

An inexpensive, fold-down bollard for cordoning off parking spaces, garage entrances, etc. After folding down in the driving direction, the bollard can be driven over. The locking bracket of the bollard can be secured with a padlock (not supplied).

Features of the SCHUPO folding bollard

- Steel post 60 mm Ø, 1000 mm above the ground
- Cast iron hinge connection with locking bracket
- Opening for padlock (not included) in locking bracket Ø 5 mm
- Fixation for pouring into concrete (330 mm below ground) with ground anchor or for dowels with ground plate (concrete not included).
- When ordering with chain eye, please specify the tilt direction.

Specifications
