Technical information

Productnumber : 98-3617

Product description

Black stackable plastic Flower bulb forcing trays are designed for substrate cultivation of lilies and tulips. This stacking crate has 2 short walls with height 180 mm and two 2 long half open walls + a perforated bottom. The crate has open handles on two sides for optimal handling. Suitable for export of flower bulbs, other agricultural products, and the tree nursery sector. You can also use them as transport crate, warehouse crate or storage crate.

Specifications

Article arrangement: New
Version: long side half open
Walls: open handles
