Technical information

Productnumber : 98-4978

Product description

Black stackable plastic Flower bulb forcing trays are designed for substrate cultivation of lilies and tulips. This stacking crate has walls with height 180 mm, with the 2 long sides partially open and a perforated bottom. The crate has open handles on two sides for optimal handling. Suitable for export of flower bulbs, other agricultural products, and the tree nursery sector. You can also use them as transport crate, warehouse crate or storage crate.

Specifications

Article arrangement: New

Version: walls closed / floor perforated

Walls: open handles
