Productnumber : 38-CB64-17-04

Product description

Reusable plastic storage box ideal for automated and manual handling within warehouse organization and shipping logistics.

The closed handles on both sides make the plastic bins easy to handle.

Thanks to the conical design, the storage boxes can be easily nested together when empty and can be stored with approximately 75% less space required. In combination with the lid (see below under 'Often ordered in combination with', you can stack the boxes on top of each other - even to great heights thanks to the sturdy design of the boxes.

The reusable storage container has dimensions 600 x 400 x 173 mm, a volume of 29 liters and is resistant to common acids and bases.

A versatile storage and transport container for numerous applications in a wide range of industries.

Specifications

Article arrangement: New

Version: all walls closed

Walls: walls closed

Food-safe: yes

Colour: grey

Internal length (mm): 495

Internal width (mm): 325

Internal height (mm): 170

Weight (kg) 1.51

Temperature resistance: -10°C tot +60°C

EAN Code (Gtin) 8719424223668

Type: nestable

Material: polypropylene

Floor: closed

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 173

Volume (ltr): 29

Type number: 38-CB

Additional specifications: suitable for food industry
