Technical information

Productnumber : 38-VB64-30-S

Product description

Collapsible plastic stacking container. This folding box can be completely collapsed and has Euro container dimensions of 600x400 mm. With two open handles, the crate is very handy. This folding crate has four closed side walls and a closed bottom. Folding containers are used in all industries. Saving space is the main advantage of this type of stacking bins. Stable stacking, stable folding. Ideal bins for distribution. Made of high quality polypropylene.
