Product description

Used stackable plastic euro bin 730x500 mm - B-grade, with damage. Widely applicable for transport and storage. This stackable bin has perforated walls with a height of 420 mm and a perforated bottom and are therefore dirt and air permeable. Thus, the contents are optimally protected. The crate has open handles on two sides for optimal handling.

Suitable for export of flower bulbs, other agricultural products, and the tree nursery sector. You can also use them as transport crate, warehouse crate or storage crate. Also called agrikrat, agricultural crate, agricultural bin or unpacking and supply crate.

Notice! B-quality, with damage: small cracks in the walls and bottom (see photos).
