Product description

Used plastic stacking bin with perforated walls and bottom. The open handles on the sides facilitate handling and moving the bin. The perforated structure also makes this bin suitable for applications in which ventilation of the stored goods is essential. For example, products that are sensitive to moisture or require air circulation.

Note! These bins come in various sizes.

- 600x400x225 mm
- 600x400x190 mm
- 500x300x230 mm
