Product description

Looking for an efficient solution for your storage needs in a dynamic environment? Discover our mobile stacking rack, a versatile solution perfect for various applications. Measuring 890x890x310 mm, this rack offers a compact yet spacious storage solution that easily adapts to different environments. This stacking rack is suitable for 60.3 stanchions. The bottom of this rack features an open grid frame, allowing air circulation and easy inspection. This makes it perfect for storage of materials that require ventilation or regular inspection. The stacking rack is hot-dip galvanised, making it resistant to corrosion and suitable for both indoor and outdoor use.

The mobile Stack Rack offers not only a practical solution for storage needs, but also a combination of durability, versatility and ease of use. Thanks to its compact dimensions and mobile design, the rack can be easily moved and adapted to changing storage requirements.

Specifications

Article arrangement: Used

Version: stanchions 60.3

Floor: open lattice frame

Surface treatment: galvanised with signs of use

Internal length (mm): 750

Internal width (mm): 750

Internal height (mm): 130

Type number: 7240GB

Type: mobile storage rack

Material: steel

Colour: colorless

Length (mm): 890

Width (mm): 890

Height (mm): 310

Weight (kg) 25
