Technical information

Productnumber : H87303-800

Product description

You can determine the height of the stacking racks yourself by choosing from the stanchion lengths below. To determine the useful height (read: height to be loaded), take the total stanchion length minus 290 mm (example: stanchion length 1680 mm - 290 mm = 1390 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

Widely used in construction sites, metal industry, warehouses, workshops, transport companies and indispensable in almost every logistics process or distribution.

Specifications

Article arrangement: Rental

Version: suitable for stanchions 42.4

Floor: open lattice frame

Ral colour: 6011

Length (mm): 1200

Width (mm): 800

Height (mm): 300

Loading capacity (kg): 1000

Type number: 87303

Type: mobile storage rack

Material: steel

Colour: green

Surface treatment: powdercoating

Internal length (mm): 1110

Internal width (mm): 710

Insertion height (mm): 100

Weight (kg) 23

EAN Code (Gtin) 8719424052657
