Product description

Used roller platform with one push handle is designed for easy transport of goods. The steel base plate offers sturdiness and durability. With one 100 mm diameter castor and two 125 mm diameter fixed castors made of rubber, this platform offers smooth movement and stability while moving. The rubber wheels reduce noise and provide grip on various floor surfaces. With dimensions of 900x500x900 mm, this rolling platform offers a convenient size for transportation.
