Technical information

Productnumber : 77-A616179

Product description

Waste container suitable for chemical products. Prevents fire from sparks or spontaneous combustion

- Container to dispose of oil-soaked cloths to prevent fire due to sparks and combustion.
- Lid remains closed when not in use to isolate residual fire sources and limit available oxygen.
- Made of durable powder-coated steel for chemical resistance.
- Swivel carrying handle.
- Raised round base construction allows air to flow around the bin to disperse heat and reduce the accumulation of moisture and corrosion.
- Capacity of 34 litres.
- Diameter of 350 mm.

Specifications

Article arrangement: Used

Version: for hazardous substances

Floor: closed

Subgroup: Waste bin

Surface treatment: painted and use damage

Width (mm): 350

Internal height (mm): 370

Weight (kg) 5

EAN Code (Gtin) 8719424227512

Type: steel waste bin

Material: steel

Top: closed

Colour: red

Length (mm): 350

Height (mm): 460

Volume (ltr): 34

Type number: A616179
