Technical information

Productnumber : 77-A784100

Product description

Timeless design waste separation unit made of high-quality galvanised steel with coloured fraction rings in the lid.

Suitable for 3 waste flows (3x 38 litres), of which 2 with round insert (plastic, paper) and 1 (residual waste) fitted with a closed lid.

This ergonomic solution is mobile and has a quick-change system and removable inserts, making it possible to exchange or vary the fractions per collection.

A real eye-catcher in an office, school building or public area.

Specifications

Article arrangement: Used

Version: for separated waste

Subgroup: Waste bin

Surface treatment: painted and use damage

Width (mm): 310

Volume (ltr): 114

Type number: A784100

Type: steel waste bin

Material: steel

Colour: grey

Length (mm): 890

Height (mm): 720

Weight (kg) 34

EAN Code (Gtin) 8719424233094
