Product description

High quality workbench widely used in warehouse or packing departments. This height-adjustable work table is very suitable for applications for light or heavy assembly, packaging, repair and inspection work. In combination with the bottom shelf, this work table is suitable for almost any application. The workbench has a scratch and impact resistant powder coating and a worktop made of 40 mm thick beech wood treated with clear linseed oil. The frame is made of steel and equipped with 2 beams. This makes the table easily adjustable in height (min. 65 cm, max. 100 cm). Distance between the adjustable heights is 4.5 cm.

Supplied with mounting material + drawings (see manual below).
